Helping Pilots in the making since 2007

BECOME A PILOT. NOW

COMMERCIAL PILOT LICENCE COURSE BY AVIACONS

SAFER | QUICKER | BETTER

Why Should You Become A Pilot?

Hey there! Are you a dreamer with your eyes set on the sky?

If you've ever felt the thrill of an aircraft soaring through the clouds or imagined yourself at the helm, then becoming a pilot could be your path to an extraordinary adventure. So, fasten your seatbelt and get ready to explore the incredible journey that awaits you!

First and foremost, being a pilot opens up a world of endless possibilities. Imagine the sheer joy of commanding an aircraft, defying gravity, and witnessing breath taking views from above.

But it's not just about the thrill and the view. Once you complete your training and obtain your Commercial Pilot License(CPL), exciting career opportunities await you. Airlines are constantly seeking talented individuals to join their ranks, offering competitive salaries and comprehensive benefits.

As a pilot, you'll become a leader, making split-second decisions while managing one of the most complex machines. Apart from the sheer joy of doing what you love, a career as a professional pilot offers tremendous financial stability.

You will have the opportunity to travel to different cities and countries, experiencing diverse cultures and as a pilot, you'll be broadening your perspectives and creating life long memories.

So, my friend, if you're ready to spread your wings and embark on a thrilling career journey, becoming a pilot is your gateway to a world of adventure, fulfillment, and endless possibilities. The skies are calling, and it's time for you to answer. Embrace the challenge, fuel your passion, and let your dreams take flight!

Remember, the journey to becoming a pilot is a step-by-step process, but with dedication, perseverance, and the right training, you can soar to great heights.

ARE YOU READY TO TAKE OFF?

Theoretical Knowledge Instructional Training Course

PHASE 1

DGCA CPL Ground Classes

(Duration - 4 months)

The adventure begins with the CPL Ground Classes Course. This thrilling phase, lasting for four months, is delivered both offline and online at our state-of-the-art facility in Hyderabad. This is the first step to embark on your journey to becoming professional pilot.

PHASE 2

Flight Training

(Duration - 12 months)

After building a strong foundation in theory, it's time to spread your wings and take to the skies. Our Flight Training program in Europe gives you an immersive experience which is carefully aligned with the Indian DGCA CPL flight training requirements. You are now equipped to conquer the skies.

PHASE 3

Licence Conversion

(Duration - 3 months)

Once you return from Europe as a professional pilot, you enter the final phase of your training—a Foreign Professional License Conversion program. This three-month journey enables you to convert your hard-earned foreign license into a precious treasure recognized by the Indian aviation authorities. It's the ultimate step towards your dream of becoming a truly professional pilots and fully cockpit ready.

Best in Class Faculty

At Aviacons we believe that Pilot Training is not merely getting a Pilot Licence. It is a process in which an Aviator is Born. Our instructors are best in the industry with specific domain experience. Be it delivering lectures in the class teaching you how to fly

Best in Class Infrastructure

State of the art Digital Interactive classrooms with Computer Based Training Terminals makes the learning fun and exciting
